

Nebraska State Patrol
Crime Laboratory Division
CUSTOMER NOTICE

Submission of evidence for analysis relinquishes all decisions regarding analytical processing and choice of methods to the NSP Crime Laboratory.

The NSP Crime Laboratory shall have discretion over the following:

- The selection of testing methods
- The items that are selected for testing
- The totality of the analysis, including whether consumption of the sample is necessary

Unless otherwise indicated in an NSP Crime Laboratory report, all items of evidence will be returned to the investigating agency upon completion of analysis.
