OPTION

Harlan Wood Sr put in 25+ years as a State Trooper before retiring. He is a devoted husband, father, and grandfather. He was diagnosed with leukemia August 2016 and received a bone marrow transplant January 2017. The leukemia was gone but March 2017 it came back. With his current status Harlan has to be within a certain distance of the hospital. Since February 8th 2017 he has been living in a hotel. The benefit is being held to help the family with any expenses. If you have anything you would like to donate for the silent auction, raffle or bake sale please contact Amanda 402-378-3919.
